

**CRUMB SPREADER AND HARD
PACK ELECTRONIC MACHINE**

COOKIE CRUMB SPINNING MACHINE

MOD: MARIA 400XH

Crumb spreader and hard pack electronic machine.

- Cookie and Pie crumb spinner with measured amount of crumb mix makes it easy to create the crusts with this electronic machine.
- Thanks to its electronic speed regulator, it is suitable for any type of cookie crumb with a variable amount of butter or shortening content.
- The machine spreads and packs within the pan bottoms and its side walls.
- This machine is a good choice for bakeries packing 30 or more pie crusts per day.
- Aluminum and foil pans may be used, with straight or angled sides
- Labor savings with improved portion quality and consistency.
- Press crumb bases any time with perfect results.
- Custom accessories may be changed in seconds thanks to its patented cross in the shaft device. Reliable machine backed by manufacturer's warranty.
